

UC-win/Road System Requirements

Minimum System Requirements	
OS:	Windows XP or later; 32bit
CPU:	Intel Dual Core; 2GHz or greater AMD Athlon™ II x2; 2GHz or greater
Memory:	2GB RAM or greater
Hard Drive:	Approx. 5GB (including landform data) free disk space; additional space for other data
Graphics Card:	NVIDIA; 256MB or greater; OpenGL 2.1 or later
Display:	1280 x 768 or greater
Optical Drive:	DVD Drive

Recommended System Requirements	
OS:	Windows XP or later; 64bit
CPU:	Intel Core i5/i7 with 2 or more cores; 2.8GHz or greater AMD Phenom™ II x2 or more; 2.8GHz or greater
Memory:	8GB RAM or greater
Hard Drive:	Approx. 10GB (including landform data) free disk space; additional space for other data
Graphics Card:	NVIDIA GTX; 1GB or greater; OpenGL 2.1 or later
Display:	1280 x 1024 or greater; 32bit colours
Optical Drive:	DVD Drive
Sound Card:	Any

Recommended System Requirements for Driving Simulation and Traffic Simulation	
OS:	Windows XP or later; 64bit
CPU:	Intel Core i7 4 cores or more; 3.06GHz or greater AMD Phenom™ II x4 or more; 3GHz or greater
Memory:	8GB RAM or greater
Hard Drive:	Approx. 10GB (including landform data) free disk space; additional space for other data
Graphics Card:	NVIDIA GTX500 series; 1GB or greater; OpenGL 2.1 or later
Display:	1280 x 1024 or greater; 32bit colours
Optical Drive:	DVD Drive
Sound Card:	Any
USB Ports:	

High-Spec System Requirements (for cluster option and super computers)	
OS:	Windows XP or later; 64bit
CPU:	Intel i7 4 cores or more; 3.3GHz or greater
Memory:	8GB RAM or greater
Hard Drive:	Approx. 10GB (including landform data) free disk space; additional space for other data
Graphics Card:	NVIDIA GTX 500 series; 1GB or more; OpenGL 2.1 or later
Display:	1280 x 1024 or greater; 32bit colours
Optical Drive:	DVD Drive
Sound Card:	Any
USB Ports:	

When using multiple screens, 2 or more graphics cards will be required – one NVIDIA graphics card has two outputs, therefore, when using 3 screens, 2 graphics cards will be required and when using 5 screens, 3 graphics cards will be required. Please also ensure that when using multiple graphics cards, all the graphics cards are the same model.

Please ensure that your system meets at least the minimum requirements before ordering a trial version or purchase. However, you should run the software on systems with the recommended requirements.
