System for Schools & Youth Clubs

## Japanese software to help save lives on Irish Roads

*"This Software package is a pro-active approach to injury and  
crash reduction through improved driver education"*

**Noel Gibbons - Road Safety Officer, Mayo County Council**

FORUM8 is delighted to invite you to the launch of **VR-Drive** at  
Ireland's leading exhibition for Road Safety.

**ROAD EXPO Ireland** is taking place at Simonscourt, Dublin on  
Tuesday 13th and Wednesday 14th October 2010

**VR-Drive** offers an economical way to educate young people in the  
art of road safety by offering students the opportunity to drive in a 3D  
VR simulation and experience real life everyday driving scenarios in  
the comfort of the classroom.

As well as VR-Drive FORUM8 will be displaying UC-Win/Road a  
state-of-the-art interactive 3D urban visualisation and transport  
modeling software

**For more information on VR-Drive and of the upcoming  
exhibition ROAD EXPO Ireland please contact  
[patrick@forum8.eu](mailto:patrick@forum8.eu) or call +44 207 164 2028**

*Forum8 is an award-winning Japanese software house responsible for  
producing state-of-the-art 3D VR software and is at the forefront of 3D  
Visual Interactive Simulation Technology - see [www.forum8.com](http://www.forum8.com)*
